### **Sustainable light solutions**

- High quality LED light
- Philips offers 5 year warranty on the LED module and driver
- Energy saving
- Warm white light
- Long operating life up to 15 years

# PHILIPS

# Highlights

## High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

## 5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

## Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

## Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## IP67 - weather proof

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP67: it is protected against temporary immersion and ideal for lighting paths or driveways. You can even drive over it.

## Long operating life

A light source you can trust. The integrated LEDs, used in this Philips LED lamp, will last up to 15.000 hours (which equals 15 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

# Specifications

## Design and finishing

- Material: synthetics, stainless steel
- Color: inox

## Extra feature/accessory incl.

- Fully weatherproof
- 5 years warranty

## Product dimensions & weight

- Length: 11.4 cm
- Width: 11.4 cm
- Net weight: 0.320 kg
- Recessed distance: 11.5 cm
- Cut out length: 10.5 cm
- Cut out width: 10.5 cm

## Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, 230 V
- Number of bulbs: 1
- Wattage bulb included: 3 W
- Light color: warm white

- Total lumen output fixture: 270 lm
- Fixture dimmable: No
- LED
- Lifetime up to: 25,000 hrs
- IP code: IP67, dust tight, protection against temporary immersion
- Class of protection: II - double insulated
- Light source equivalent to traditional bulb of: 31 W

## Service

- Warranty: 5 year(s)

## Packaging dimensions & weight

- Height: 12.8 cm
- Length: 12.3 cm
- Width: 12.3 cm
- Weight: 0.370 kg

## Miscellaneous

- Especially designed for: Garden & Patio
- Style: Contemporary
- Type: Recessed spot light
