

MINI TRUNKING

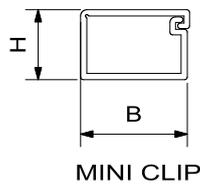

System of trunkings (CTS) for insulated conductors, cables and equipment for installation on wall	
Regulatory Compliance:	IEC EN 50085-1 and IEC EN 50085-2-1
Material:	PVC
Impact resistance:	2J
Protection degree according to EN 62262:	IK07
Minimum temperature storage and transport:	- 15° C
Temperature of installation and use	
Minimum:	- 15° C
Maximum:	+ 60° C
Flame propagation:	Not flame propagation
Electrical continuity:	Without electrical continuity
Protection degree according to EN 60529:	
Minimum degree:	IP30 ⁽¹⁾
Lid opening:	With tool
Separation of electrical protection:	With internal protective partition
Functions of trunking system (CTS):	Type 1: using only the straight sections
Field of application:	Tertiary and industrial for the distribution of signal and power
Type of installation:	To wall and ceiling
