Easy smart lighting

Add color to any room with two smart bulb, which offer warm to cool white light as well as 16 million colors. Use Bluetooth for instant light control in one room or connect to the Hue Bridge to unlock the full suite of features.

Easy smart lighting

- Control lights with your voice*
- Set the right mood with warm to cool white light
- Control up to 10 lights with the Bluetooth app
- Get the perfect light recipes for your daily activities

Highlights

Bluetooth controlled 10 lights

"With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device."

Control lights with your voice

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Perfect light for your day

Make your day easier and more pleasant with four preset light recipes handcrafted especially for your daily tasks: Energize, Concentrate, Read, and Relax. The two cool-toned scenes, Energize and Concentrate, help you get going

in the morning or keep your focus, while the warmer scenes of Read and Relax help support comfortable reading or calm a busy mind.

Set the right mood with light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.
